Song: Mountain Girl
Artist: Blue Mountain
Album: Dog Days
Tabbed by: Julie Moffitt

I noticed there aren t any Blue Mountain songs are on OLGA so I thought
I would put one up and see if someone else out there has any.
I read somewhere that this is really played in DGDGAD tuning
but I worked this out in standard tuning. Let me know
what you think!

I don t know what chords exactly these are named so I m
just naming them **F#**(1), **F#(2)** and **F#(3)** If you use your
pinky on the high G it is pretty easy. Listen to the
song to get the rhythm right. There s more to
this that needs to be tabbed out maybe someone can use
this for a starting point.

```
     G1    F#2    F#3
e    3     3      3
B    0     0      3
G    0     2      0
D    0     0      0
A    x     x      x
E    3     3      3
```

Intro:

F#(1) **F#(2) F#(3) Ebm C# G#m** }2X

Verse 1:
F#
Does anyone remember
    Ebm
Does anybody care
    C#
The days we danced together

G#m
With feathers in our hair
F#
Rivers ran together
  Ebm
To sing a crystal tune
C#
Stones skipped on the water
G#m
Circles around the moon
Chorus:
Ebm   **Bbm**
Oooh hey yea yea
Ebm
When the full moon shines
                        G#m
The mountain pines are swaying
Ebm   **Bbm**
Oooh yeah yea
Ebm
Close your eyes and listen
        G#m
To the guitars playing

F#(like intro) **Ebm C# G#m** }2X

Verse 2:
(same chords as Verse 1)
Built a box together, filled it full of songs
and buried it on the mountain beneath a pile of bones
Then we said goodbye forever, to the hell that was our home
and set out across the flatlands, for 40 years to roam

Repeat Chours

Outro: **F#**(like intro) **Ebm C# G#m** }2X
