Song: Mountain Girl
Artist: Blue Mountain
Album: Dog Days
Tabbed by: Julie Moffitt

I noticed there aren t any Blue Mountain songs are on OLGA so I thought
I would put one up and see if someone else out there has any.
I read somewhere that this is really played in DGDGAD tuning
but I worked this out in standard tuning. Let me know
what you think!

I don t know what chords exactly these are named so I m
just naming them **A(1)**, **A(2)** and **A(3)** If you use your
pinky on the high G it is pretty easy. Listen to the
song to get the rhythm right. There s more to
this that needs to be tabbed out maybe someone can use
this for a starting point.

	G1	A2	A3
e	3	3	3
B	0	0	3
G	0	2	0
D	0	0	0
A	x	x	x
E	3	3	3

Intro:

A(1) A(2) A(3) F#m E Bm }2X

Verse 1:

A

Does anyone remember

F#m

Does anybody care

E

The days we danced together

Bm

With feathers in our hair

A

Rivers ran together

F#m

To sing a crystal tune

E

Stones skipped on the water

Bm

Circles around the moon

Chorus:

F#m **C#m**

Oooh hey yea yea

F#m

When the full moon shines

Bm

The mountain pines are swaying

F#m **C#m**

Oooh yeah yea

F#m

Close your eyes and listen

Bm

To the guitars playing

A(like intro) **F#m E Bm** }2X

Verse 2:

(same chords as Verse 1)

Built a box together, filled it full of songs

and buried it on the mountain beneath a pile of bones

Then we said goodbye forever, to the hell that was our home

and set out across the flatlands, for 40 years to roam

Repeat Chours

Outro: **A**(like intro) **F#m E Bm** }2X
