Song: Mountain Girl  
Artist: Blue Mountain  
Album: Dog Days  
Tabbed by: Julie Moffitt

I noticed there aren t any Blue Mountain songs are on OLGA so I thought I would put one up and see if someone else out there has any. I read somewhere that this is really played in DGDGAD tuning but I worked this out in standard tuning. Let me know what you think!

I don t know what chords exactly these are named so I m just naming them **A(1)**, **A(2)** and **A(3)** If you use your pinky on the high G it is pretty easy. Listen to the song to get the rhythm right. There s more to this that needs to be tabbed out maybe someone can use this for a starting point.

	<b>G1</b>	<b>A2</b>	<b>A3</b>
e	3	3	3
B	0	0	3
G	0	2	0
D	0	0	0
A	x	x	x
E	3	3	3

Intro:

**A(1) A(2) A(3) F#m E Bm }2X**

Verse 1:

**A**

Does anyone remember

**F#m**

Does anybody care

**E**

The days we danced together

**Bm**

With feathers in our hair

**A**

Rivers ran together

**F#m**

To sing a crystal tune

**E**

Stones skipped on the water

**Bm**

Circles around the moon

Chorus:

**F#m**                    **C#m**

Ooh hey yea yea

**F#m**

When the full moon shines

**Bm**

The mountain pines are swaying

**F#m**                    **C#m**

Ooh yeah yea

**F#m**

Close your eyes and listen

**Bm**

To the guitars playing

**A**(like intro) **F#m E Bm** }2X

Verse 2:

(same chords as Verse 1)

Built a box together, filled it full of songs

and buried it on the mountain beneath a pile of bones

Then we said goodbye forever, to the hell that was our home

and set out across the flatlands, for 40 years to roam

Repeat Chours

Outro: **A**(like intro) **F#m E Bm** }2X
