

**Bleed Out**  
**Blue October**

I know these chords are NOT perfectly matching the song, but it makes a good acoustic version of the song.

Bleed Out - Blue October

Capo 2

**F C Am G** x4

**F**  
Close my eyes  
**C**  
Feel you sigh  
**Am** **G**  
A desperate aching wonder  
**F** **C** **Am** **G**  
Will you ever, ever let me off my knees?

**F**  
Wide awake  
**C**  
Like a dream  
**Am** **G**  
As simple as a secret  
**F** **C** **Am**  
Being told, told to everyone but me  
**Em**  
Will I

**F** **Am**  
Bleed out  
**C** **G**  
I gave it all but you can't stop taking from me

You know where to cut me with your eyes closed
