

Graceful Dancing
Blue October

Intro : **A-Bm-E7**

A

Describe the pain
It choked your reality
It's all in your mind

Bm

He said it

E7

You have to keep graceful dancing

A

I close the door
on the war I started last Halloween

Bm

I'm gonna be fine again

E7

I have to keep graceful dancing

Bm **A**

Oh, Here we are

Bm

And you're a super star on your own

A

And I'm looking over your shoulder

Bm

Getting older and God only knows

A

That here we are

Bm

And you're a super star on your own

E7

Yeah, here we are

A-Bm-E7 (repeat)

The sunset reigns
Like a bullet hole
Trees only seem for hanging
The moon is a target range
And rivers seem only for drowning
You fall away and then you starve
To finish your painting
It's gonna take time my friends
You have to keep graceful dancing

Bm-A (repeat, end with **E7**)

Oh, Here we are

And you're a super star on your own

And Iâ€™m looking over your shoulder getting older
And God only knows that here we are
And youâ€™re a super star on your own
Now here we are

Bridge : **A-Bm-E7** (repeat)

Bm-A (repeat, end with **E7**)

Who knows
That here we are
And youâ€™re a super star on your own
And Iâ€™m looking over your shoulder getting older
And god only knows
That here we are
And youâ€™re a super star on your own
Now here we are

Final : **A-Bm-E7** (repeat)

I swear to God I keep telling myself (repeat)
