

The Chills
Blue October

Blue October
The Chills
Any Man In America

Intro/Chorus:
C, Em, Am, F

Verse:
C

Take my hand

G

Maybe we should run away

F

Maybe we should disappear

Am

Leave everything behind

Like the useless things

Boxes labeled memories

The sudden health emergencies

Yeah we could leave those things behind

C **G**
Show me, show me arms that reach for all we can be

F

Through understanding, I tried forgiveness,

G

I faced the past, itâ€™s what I witnessed

C

Why do I only feel the chills when Iâ€™m with you?

Em

I only hear your words that you say are true

Am

But you keep thinking it over, thinking it over,

F

You can catch me if you wanted to, oh

Now, why you gotta say goodbye
When you know youâ€™re gonna come with me
No, canâ€™t afford to leave and stay
Youâ€™re gonna have to just build one way

So tell me, tell me all the things you told me we could be
Through understanding, I tried forgiveness,
I faced the past, itâ€™s what I witnessed

Chorus

I only feel the chills when Iâ€™m with you
I feel like Iâ€™m so high, Iâ€™m feeling so high
C-catch me, c-c-catch me

C

Why does a heart always have to break

Am

(when youâ€™re trying way too hard), have to break

F

(yes sheâ€™ll see right though you), have to break

G

Oh communication, yeah conversation,
It breaks down

C

Now there will be nothing to talk about,
(absolutely nothing, just blah blah blah)

Chorus
