REPEAT INTRO

Pedal steel solo on VERSE CHORDS

Organ solo on bridge chords

Itâ€™s too hard to look back

When you donâ€™t like what you see

Pictures of all the people I love

I let them down so casually

You told me all the fears that were in your head

Sitting there cross-legged on my bed

Donâ€™t you stay away long thatâ€™s what you said

If youâ€™re through with me

I guess Iâ€™ll see

When Iâ€™m standing at your door

I finally got my balance back

To where I was before

And Iâ€™ve never been so lonely

So Iâ€™m singing a Skydiggersâ€™ song

As Iâ€™m eating Arizona dust

And wishing I was home

And wishing I was home

And wishing I was home
