Cynthia - Blue Rodeo

-----

Words and Music by: Greg Keelor and Jim Cuddy  
>From the CD: Five Days in July  
Original transcription by: tarkka@che.rochester.edu (Richard Tarkka)  
Modified by: drake@sgl.ists.ca (Drake Hirasawa)

Changes to original transcription include adding lyrics for 2nd and 3rd verses, and chord changes in the chorus.  
Also note: Chords have been changed to show a key of C, for use when playing with a capo on the 2nd fret, which is how I believe the song is played on the recording.

Key: D (capo in 2nd fret. Chords shown for key of C).

Intro:  
C (with alternating bass)

Verse:

**F#m**                    **G**                    **D**  
So you saw that fire in the sky  
**F#m**                                    **D**  
Well I think that s so cool  
**F#m**                    **G**                    **D**  
And I know that nothing ll change you  
                  **G**                    **A**  
You are nobody s fool

Chorus:

**D**       **A**                    **D**                    **G**  
Cynthia won t you take me to  
**D**                                    **A**

Pyramid Lake with you

**G** **D** **G** **D**  
We could watch the spaceships, maybe they ll take us on a trip  
**G** **Em** **G** **A** **D**  
To that never ending sky, to that wild and endless night.

And you stood in their beam of light  
And they showed you the bones on the moon  
Well I hope I get to go there  
With you real soon

(chorus)

And we get there before the sun sets  
And we put up your tent  
Watch the stars dance all night  
And watch the sun come up (watch that sun coming up)

(chorus)
