Subject: TAB for Blue Rodeo s Is It You

Ok, Ok...this probably isn t a hundred percent but it seems to sound pretty decent. I only tabbed the middle break cause well...I didn t feel like doing the rest. Anyhow bear in mind that this is my first attempt at tab/crd ing. I put * beside a couple of C chords and this note looks like | | | | 1 | You can still play regular C but * adds some colour | | 2 | | | | 3 | | | 4

Here Goes:

Is it you

I wonder
Eb **Bb**
and still it makes me laugh

wide-eyed I fell asleep

into my hazy soul

is it you

who makes the flowers bloom

when all the other dogs snarl

F

just because you listened for a while

Bb

and with this buzz of electricity

Eb Bb

still ringing in my ears

F

I wonder

Eb Bb

is it you

F

I wonder

Eb Bb

is it you

Well that s it. You can fill in the rest. By the way, I didn t do any timing tabbing so listen to the song to get it right...you may

want to forget it all together since it is played on one of those table guitars...whatever they re called.

I ll be working on some more so email me at safranc@server.uwindsor.ca if you have any requests.

Ps Happy studying!
