

**Last To Know**  
**Blue Rodeo**

**G F C**

What took so long to build took a moment to slip away

**G F C**

You can barely hide the satisfaction on your face

**Am C**

Time takes another day, changes you in subtle ways

**G F F**

Lifts you up and slowly lets you go

**G F C**

Sitting there across the room, your smile looks like a breath

**G F C**

Living underneath the heel of what you might do next

**Am C**

Memory works in strange ways,

**G F**

Cuts you down and makes you pay

**Am C**

One day you ll be walking,

**G F**

by the next day life will hit you from behind

**C G**

One heart, One love

**Am F**

Two people can rise above

**C G**

Each Time We fall

**Am F**

Don t know what I was thinking of

**C Am**

And don t say it s over

**C Am**

Don t say it s over

**C G F**

Don t let me be the last to know

That s it so far...I m tired and need sleep. I ll be adding in the solo next time I m on the computer so stay tuned. Beautiful song.
