

Last To Know
Blue Rodeo

F# E B

What took so long to build took a moment to slip away

F# E B

You can barely hide the satisfaction on your face

G#m B

Time takes another day, changes you in subtle ways

F# E E

Lifts you up and slowly lets you go

F# E B

Sitting there across the room, your smile looks like a breath

F# E B

Living underneath the heel of what you might do next

G#m B

Memory works in strange ways,

F# E

Cuts you down and makes you pay

G#m B

One day you ll be walking,

F# E

by the next day life will hit you from behind

B F#

One heart, One love

G#m E

Two people can rise above

B F#

Each Time We fall

G#m E

Don t know what I was thinking of

B G#m

And don t say it s over

B G#m

Don t say it s over

B F# E

Don t let me be the last to know

That s it so far...I m tired and need sleep. I ll be adding in the solo next time I m on the computer so stay tuned. Beautiful song.
