

**Last To Know**  
**Blue Rodeo**

**A G D**

What took so long to build took a moment to slip away

**A G D**

You can barely hide the satisfaction on your face

**Bm D**

Time takes another day, changes you in subtle ways

**A G G**

Lifts you up and slowly lets you go

**A G D**

Sitting there across the room, your smile looks like a breath

**A G D**

Living underneath the heel of what you might do next

**Bm D**

Memory works in strange ways,

**A G**

Cuts you down and makes you pay

**Bm D**

One day you ll be walking,

**A G**

by the next day life will hit you from behind

**D A**

One heart, One love

**Bm G**

Two people can rise above

**D A**

Each Time We fall

**Bm G**

Don t know what I was thinking of

**D Bm**

And don t say it s over

**D Bm**

Don t say it s over

**D A G**

Don t let me be the last to know

That s it so far...I m tired and need sleep. I ll be adding in the solo next time I m on the computer so stay tuned. Beautiful song.
