G                      D                                      Em                      D  
Strange and beautiful are the stars tonight  
G                      D                                      Em  
That dance around your head  
G                      D                                      Em                      D  
In your eyes I see that perfect world  
G                      D                                      Em                                      C  
I hope that doesn't sound too weird

C                                      D                      D                      G / / / C                      (ring)  
And I want all the world to know

Em                      D  
all that I need  
G                      D / / Em / /                      C                                      D

G                      D                                      Em                      D                      G                      D                      Em  
so much controlled by so few, stumbling from one disaster to another  
C                                      D                      D                      G / / / C  
I've heard it all so many times before  
C                      D                                      Em                      Em                                      D  
it's all a dream to me now, a dream to me now  
G                      D / / Em / /                      C                                      D  
and if we're lost,                      then we are lost together  
G                      D / / Em / /                      C                                      D  
yea if we're lost,                      then we are lost together
