

**Hear Me Calling**  
**Blue Sky**

**G** **Em** **G** **Em**  
It s after midnight, I lie in my bed  
**G** **Em** **D**  
Thoughts are running through my head  
**C** **Em** **C** **D**  
It s running empty and I m going insane  
**G** **C** **Em** **Em/F#** **G**  
There is a picture burned in my brain

Skippers were leaning at the ships-rail  
We stood there shivering on the quai  
When they reached the sea, they hoisted the sails  
Then they were never seen again

Refrain

**C** **G** **C** **G**  
Hear me calling, in the night  
**C** **G** **D** **D**  
Hear me calling, nothing s allright  
**C** **G** **C** **G**  
Hear me calling, the whole night through  
**C** **G** **C** **G** **C** **G**  
Hear me calling, I miss you, my son, I miss you

Seven days later they got into a storm  
Their ship sprung a leak, the sails were torn  
The operator sent a last SOS  
Before the sea took them to their final rest

Refrain

Now I pass the nights waking and talking with you  
I can hear your voice, yeah, it s true  
In starry nights I see you above  
And from far I can hear you laugh

Refrain
