**Blue Sky**

Never forget    Capo 1. ft.  
words and music by Michael Seibt

**G**                    **D**                    **C**                    **G**  
On a sunny day in June I was walking near the lake  
**G**                    **D**                    **C**                    **G**  
Thinking 'bout my life and the chances I didn't take  
                  **C**                    **Am**                    **E7**                    **Am**  
I was shivering in the wind when she came along the way  
**G**                    **D**                    **C**                    **G**  
And with her bright smile she lightened up this day

She took my hand and led me to a silent place beside  
Sitting in the grass she came to me close and tight  
We didn't ask any questions, didn't talk 'bout stupid things  
We only expected what this night would bring

Refrain

**C**                    **D**                    **D**                    **G**  
You can serve me anything with a silver-spoon  
**C**                    **D**                    **G**                    **C**  
You can sing me any song and play the finest tune  
                  **C**                    **D**                    **G**  
But I never will forget this night in June

When we went to her chamber the stars stood in the sky  
The moon shone through the window and we let the time pass by  
Coming closer to me she didn't say a word  
And when she laid beside me there was nothing that disturbed

Refrain

You can serve me anything with a silver-spoon  
You can sing me any song and play the finest tune  
But I never will forget this night in June

In the early morning dawn she still lay by my side  
And I knew for sure, everything we did was right  
Then I got up and took my clothes, she couldn't hear the door  
But what she thought when she woke up I would never know

Refrain

You can serve me anything with a silver-spoon  
You can sing me any song and play the finest tune  
But I never will forget this night in June

Instrumental

Yesterday I saw her standing in the drizzling rain  
It was the first time from then that I saw her again  
When I made the first step just to say hello  
She looked me in the eye and turned away to go

Refrain

You can serve me anything with a silver-spoon  
You can sing me any song and play the finest tune  
But I never will forget this night in June  
But I never will forget this night in June  
But I never will forget this night in June

Ending **G**
