

When Will I Find My Way Home
Blue Sky

words and music by Michael Seibt

D **D**
The road is long, the way is tough
A **A**
And the wind is blowing rough
D **D**
My backpack causes so much pain
A **A7**
When Iâ€™m walking through the pouring rain
Em **Em**
Each night I search for a place
G **G**
Where I can lay my weary head
A7 **A7** **D** **D**
Hoping, that a fire will keep my warm
D **A7** **D** **D**
And holding a bottle in my arm

Refrain

D **D/G** **Bm**
Tell me, where do I belong?
D **D/G** **Bm**
Tell me, whatâ€™s going on?
D **D/G** **Bm** **Bm**
Tell me, how many water will flow down the river
D **D/G** **D**
Before I will find my way home?

A lot of girls along my way
Some of them make me stay
They lay their hearts into my hands
But I do not understand
And even, if they give their best
Iâ€™m always waiting for the rest
And before they can put my hands in chains
Itâ€™s time for me to catch the next train

Refrain

So Iâ€™ve been on my way
All these years by night and day
Take, what I need, make evâ€™ry job
Try to keep my head right up
I must have been everywhere
Donâ€™t know, what Iâ€™ll have to dare
And where my fate will lead me next

An uncertain future in my chest
