

**Like A Friend
Blue?**

it is my first ever tabbing and i got only the chorus and the verse

(A) (F#m)
I never had anybody treat me quite like you do
(D) (E)
I love your honesty
(A) (F#m)
We met, we clicked, we shared a vibe that was true
(D) (E)
And it was plain to see, it was plain to see.
Oh yeh
(A)
I did not want to face the truth
(F#m)
You said you had a man
(D) (E)
And you were so in love with him and nobody else

chorus:

(A) (F#m)
What do you do when someone don t love you
(D) (E)
They show you all their feelings like you re a friend
Like you re a friend
(A) (F#m)
What do you say when things don t go your way
(D) (E)
And you re frozen in a picture like you re a friend
Like you re a friend

thats how it goes whole way through ,except the bridge

I don t want to be your friend, no way.

verse:

Well I was trapped I was dependant on you
And there was no escape
so
I was a fool to think that I was the one
I let you criticize everything I done, no no
I did not want to face the truth

You said you had a man
And you were so in love with him and nobody else

(chorus)

bridge:

(**Dm**)

Well I know I can't have you

(**C**)

And I can't live without you

(**Gm**)

(**E**)

But I guess I can't have it my way

(**Dm**)

For the love you're not feeling

(**C**)

My heart is still breathing

(**Gm**)

(**E**)

Girl how can you treat me this way?

chorus..

dont forget to rate.....
