

But Anyway
Blues Traveler

Tabbed by Mathias Stefansson, *.

But anyway

Since I couldn't find a tab that sounded correct,
I decided to take matters into my own hands. The solo and the intro are what it
sounds like, and if I'm wrong, well then shit happens.

Lyrics:

I lied and told her I loved her
she didn't care but anyway
I told her we'd still be friends
and she didn't care but anyway
I tried last week for to call her
she wasn't home but anyway
I think I'll spend my life alone
I really don't care right now but anyway

it s a state of affairs
and a state of emotions
the kind of thing you must
understand
I tell you one thing
you ll tell me another
we walk away
maybe then shake hands

I m quitting cigarette smoking

it s bad for me but anyway
I don t think the TV was joking
when it told me this but anyway
the newsman said not to sit on
strange toilet seats
it s my life he s trying to save but anyway
I found out that I got eye cancer
too many television waves but anyway

chorus

some day an anser will find us
quite a long shot but anyway
I think the past is behind us
be real confusing if not but anyway
I put all my hope in tomorrow
it s gonna be great I can tell but anyway
I see a new day a dawning
I like to sleep late, oh well, but anyway

That s about it.
