So far ive not really stayed in touch
C          Bb          C          G
Well you knew as much, it s no surprise that today
          C          G          C          Bb          C
I ll get up around two, from a lack of anything to do
```

(first chorus)

```
          Am          D
And I might as well just grin and bear it

Cos its not worth the trouble of an argument
```

(second verse) (same chords and pattern)

```
G          C          G
And you have not really stayed in touch
C          Bb          C          G
Well I knew as much it s no surprise that today
          C          G          C          Bb
I get up around two with nothing to do
          C          Am
Except get a touch of flu/
```

(second chorus)

```
          Am          D

          C          A
Cos its not worth the trouble of an argument
          Am          D
And in any case I d rather wear it

Its like a bad head in the morning
