

**Lucky Seven Sampson**  
**Bob Dorough**

From SchoolHouseRock

Intro **G,C,G**

**G** **D**  
Now you can call me Lucky, because Lucky s my name

**C** **G**  
Singing and dancing, that s my game

**G** **D**  
I never did a whole day s work in my life

**G** **C** **G**  
Still everything seems to turn out right

**G** **D**  
Like a grasshopper on a summer s day

**B7** **Em**  
I just love to play And pass the time away

**Eb7** **G**  
Because I was born beneath a lucky star

**D** **C**  
They said I d go far

**G** **D**  
Making people happy, that s my favorite game

**C** **G**  
Lucky Seven is my natural name

**D**  
Slipping and sliding my whole life through

**B7** **Em**  
Still I get everything done that I got to do

**Eb9** **G** **G,D,C,G**  
Because I was born beneath a lucky star

**D**  
School is where you are?

**C**  
Aw, that s not hard

Let me show you something

**G**  
You multiply seven times one

**C** **G**  
I got seven days to get that problem done

**D**  
Multiply seven times two

**C** **G**  
Take 14 laughs when you re feeling blue

**G** **D**  
Multiply seven times three

**C7** **G**  
A 21-day vacation you can play with me

**G** **D**

Multiply seven times four

**C**

You got 28 days (that s-a one month more)

To pay the mortgage on your store

**Ebm7 Eb7**

Don t worry, something will turn up!

**G D**

Multiply seven times five

**C7 C**

I don t know how you did it, but man alive, that s 35

**G D**

Multiply seven times six

**G C7 G**

Grab a stick and make a 42 clickety-clicks

**G D**

Multiply seven times seven

**C7 G**

Take 49 steps right up to seventh heaven

**G D**

Multiply seven times eight

**C C7**

They got 56 flavors and I just can t wait

**G D**

Multiply seven times nine

**C7 G**

63 musicians, all friends of mine

**G D**

Multiply seven times ten

**C7**

And that brings you right back to 70 again

**Ebm7**

You know, I think that s important

There s a trick there somewhere

**G D**

Multiply seven times eleven

**C C7 G**

Even a rabbit knows that s 70 plus seven

**G D**

Multiply seven times twelve

**C**

You got 84, and isn t that swell

**G D**

I m going to try seven times 13, just for fun

**C7 G D**

70 plus 21 Seven times 14 must be great

**C7 G**

Well, exactly, that s a 70 plus 28

**G D**

Seven times 15, man alive

**C Eb9**

That s 70 plus 35 . . . a hundred and five!

**Eb7**

Man, this stuff is simple, no jive  
You got it, now I got to fly  
Excuse me folks, I m saying goodbye  
I sure do thank you for the huckleberry pie

**G**

Take it home, boys

**G**

**D**

Remember Lucky Seven Sampson, that s my natural born name

**C7**

**G**

If you should ask me again, I d have to tell you the same

**G**

**D7**

You ll wake up tomorrow, you ll be glad that I came

**C**

**C7**

**G**

Because you ll be singing one of the songs that I sang

**G**

**D**

So keep a happy outlook and be good to your friend

**C C7**

**Eb7**

And maybe I ll pass this way again

Maybe! **G,C,G**

**G**

Bye
