C                      Am                      F                      C

I once held her in my arms,

Am F G

She said she would always stay.

A Dm C F C

But I was cruel, I treated her like a fool,

**F** **C** **F**

I threw it all away.

C                      Am                      F                      C

Once I had mountains in the palm of my hand,

Am F G

And rivers that ran through ev ry day.

**A**                      **Dm**                      **C**                      **F**    **C**

I must have been mad, I never knew what I had,

F                      C    F

Until I threw it all away.

**G**

Love is all there is,

C Am

It makes the world go round,

**F**                      **G**                      **A**

Love and only love, it can't be denied.

**F** **G**

No matter what you think about it,

C Am

You just won't be able to do without it.

**Bb** **F** **G**

Take a tip from one who s tried.

C                      Am                      F                      C

So if you find someone that gives you all of her love.

Am F G

Take it to your heart, don't let it stray.

**A**                      **Dm**                      **C**                      **F**  
For one thing that's certain, you will surely be a-hurtin'  
**C**                      **F**      **C**      **F C**
