

Never Say Goodbye

Bob Dylan

D G A  
Twilight on the frozen lake

G D  
North wind about to break

G A  
On footprints in the snow

G D G A G  
Silence down below.

C D  
You re beautiful beyond words

C G  
You re beautiful to me

C D  
You can make me cry

C G C D G  
Never say goodbye.

G C D  
Because my dreams are made of iron and steel

C G C D  
With a big bouquet -- Of roses hanging down

G C D  
From the heavens to the ground.

G A  
The crashing waves roll over me

G A D  
As I stand upon the sand

G A G D G A G  
Wait for you to come -- And grab hold of my hand.

G C D  
Oh baby baby baby blue

C G  
You ve changed your last name, too

G D  
You ve turned your hair to brown

G C D G D C G  
Love to see it hangin down.
