You just stood there grinning

You got a lotta nerve
To say you got a helping hand to lend
You just want to be on
The side that s winning

You say I let you down
You know it s not like that
If you re so hurt
Why then don t you show it

You say you lost your faith But that s not where it s at You had no faith to lose And you know it

I know the reason
That you talk behind my back
I used to be among the crowd
You re in with

Do you take me for such a fool
To think I d make contact
With the one who tries to hide
What he don t know to begin with

You see me on the street You always act surprised You say, How are you? Good luck But you don t mean it

When you know as well as me You d rather see me paralyzed Why don t you just come out once And scream it

No, I do not feel that good When I see the heartbreaks you embrace If I was a master thief Perhaps I d rob them

And now I know you re dissatisfied With your position and your place Don t you understand It s not my problem

I wish that for just one time You could stand inside my shoes And just for that one moment I could be you

Yes, I wish that for just one time You could stand inside my shoes You d know what a drag it is To see you
