

**Tempest**  
**Bob Dylan**

Penultimate and title song on Dylan's 35th Studio Album: Tempest!

It is a simple chord progression in the key of G.....

**G C**

**C G D G**

That is it for the full 14 minutes!!!!!! Good luck with remembering the words  
for  
those who have never before attempted to try Desolation Row!!!

He is not dead yet, his bell still rings!
