Am

Was there somebody looking

Am

When you gave me that kiss

Am

Someone there in the shadows

Am

Someone that I might have missed?

Is there something you needed

Something I don't understand

Am

What was it you wanted

Em

Slipped out of my mind

Em

Would you remind me again

Em

If you'd be so kind

Em

Has the record been breaking

Em

Did the needle just skip

Em

Is there somebody waiting

Em

Was there a slip of the lip?

Am

What was it you wanted

Am

Am

Are you the same person

Am

Em

Did somebody tell you

Em

That you could get it from me

Em

Is it something that comes natural

Em

Is it easy to say

Em

Why do you want it

Em

Who are you anyway?

Am

Is the scenery changing

Am

Am I getting it wrong

Am

Is the whole thing going backwards

Am

Are they playing our song?

Dm7

Where were you when it started

Dm/A

Do you want it for free

Am

What was it you wanted

Am

Are you talking to me?
