

Someone So Much

Bob Evans

Ok I did this at work while i was bored and had a guitar near-by
I think its about 100% correct and the chords should be in the right place
in relation to the lyrics

This is my first tab and if theres any mistakes ill be happy to fix em up
if you msg me

D
Goodnight Bullcreek
 F#m
You were the world to me
 G **D** **A**
Now youâ€™re just a well worn post code for the memories

D
I drove down your road
 F#m
Searching for I donâ€™t know
 G
I was hoping I might find
 D **A**
Something Iâ€™d left long behind

Bm **F#m** **G** **D**
I stayed up all night thinking of ways to tell you
 Bm **F#m** **G** **D**
That my whole life I been here waiting for you
 Bm **F#m**
Now my heart is blind
 G **D**
And Iâ€™m losing my mind
 G **A** **D**
When you love someone so much it hurts

D
Stuck in two minds
 F#m
Under a starlit sky
 G
With the pitter patter footsteps
 D **A**
Of the passers by
 D
While I chose the road
 F#m
The road less travelled by
