Well it was just a dream just a moment ago
I was up so high looking down at the sky
don t let me fall
I was shooting for stars on a Saturday night
they say what goes up must come down
but don t let me fall
don t let me fall
don t let me fall
they say what goes up must come down
but don t let me fall
don t let me fall

Same chords through the song:

Cause i m glide enough that i oh so very high
that if the clouds were to drop me
then id fall out the sky

coming through my east decatur home
cause i was in the cold trying to keep my toes unfroze
now im in your house
now im in your stores
now im everywhere that your ipod goes
everything i seen was a dream just a moment ago

Chorus:

Well it was just a dream just a moment ago
i was up so high looking down at the sky

but don t let me fall

they say what goes up must come down
but don t let me fall

Yeah by far much lower than where that payment is
cause there ain t no parachute that they make for this
cause i put my pain my heart my soul my faith in this
does anyone feel like how i feel then you can related to this
i just blazeded this maybe roll one up and take a hit
toast to the good life and take a sip
vaca everyday and take a trip
its easy to see i was late for this
but to the whom to the grave i spit
just to show yall niggas what greatness is
yeah im talking very loosely like making movies
to picture my life boy you need a higher resolution
i use to cut class in the day and run away at night
but now im ruler of the upper class and i dont even write

Chorus :

Well it was just a dream just a moment ago
i was up so high looking down at the sky
don t let me fall
i was shooting for stars on a saturday night

they say what goes up must come down
but don t let me fall
