

**Nothing On You**

**B.o.B**

basically this is just the intro, i just put some chords together that sound really good with the song if you sing it. this isn't supposed to replicate the actual song, it is something more original that goes with the singing.

I play with the capo on the 5th fret, but it's just preference. you could move it up or down if you'd like to make it fit your voice better. Enjoy.

I think it's called Bm but just in case i play it like this relative to the capo:

|2|  
|3|  
|4|  
|4|  
|2|  
|x|

**Gm** **D**  
beautiful girls all over the world  
**Am** **C**  
i could be chasing but my time would be wasted  
**Bm**  
they got nothin on you baby  
**D**  
nothin on you baby  
**Gm** **D**  
they might say hi and i might say hey  
**D** **C**  
but you shouldn't worry about what they say  
**Bm**  
cause they got nothin on you baby  
**D**  
nothin on you baby
