***Chords are the same for the rest

when you feel him let go
cause all the thrills have gone
i ll be around

when all belief runs out
cause all good faith has ground
i ll be around
on your way down

when you re afraid to cry
cause you re not sure whats inside
ill be around
on your way down

when it s late at night
and you need someone to fight
i ll be around
on your way down

if you ever get around to looking for me
dont bother asking where I ve been seen
oh i m in the same place that you left me
caressing your memory, oh

ba ba ba ba ba ba
ba ba ba ba ba ba (repeat)
