And the years they went by in the spring of my life.  
And in summer she blessed me with a child.  
Love continued to grow in the summer of my life  
And in every morning sun I saw her smile.

#3.

But in the autumn of my years I noticed the tears,  
And I knew that our life was in the past.  
Though I tried to pretend, I knew it was the end,  
For the autumn of my life had come at last.

#4.

Now what, what do you say to a child of ten?  
How do you tell him his daddy s goin away?  
Do I tell him that I reached the autumn of my life  
And that he ll understand some winter s day?

#5.

Now a rose can t be found on a snow-covered ground,  
And the sun cannot shine through cloudy skies.  
But I m richer, you see, for the years she gave to me,  
And I m content in the autumn of my life.

A sixties smash from Kraziekhat.
