      E              C#7          F#           B
Little things that you do, make me glad I m in love with you,
      E              C#7          F#           B
little things that you say make me glad that I feel this way.
          A                      E
The way you smile...the way you hold my hand,
          A                      B

When we walk, you like to hold my hand,
          A                      B
and when we talk, you tell me I m your man.
