

Save A Little
BoDeans

Capo 2

A D
It s just a matter of time now
A D
It s just a matter of where we are
A D
They say it wont last forever
A D
But it feels that way
A D
The walls of hope come tumbling down
A D
And I find shelter where you are
A D
I feel like a fool
D
But then
A
I m falling
D
Falling for you
A
So save a little
D
Love a little
A D
Save a little love for me
A
Please save a little
D
Love a little
A D
Save a little love oh

The A D chord pattern seems to continue in pretty much the same fashion for the whole song. There is one part, at the bridge, where the chords are palm muted and chunked.
