I like the way you, **G** look at me with those beautiful eyes,

I like the way you, **G** act all surprised,

I like the way you, **G** sing along,

I like the way you, **G** always get it wrong,

I like the way you, **G** clap your hands,

I like the way you, **G** love to dance,

I like the way you, **G** put your hands up in the air,

I like the way you, **G** shake your hair,

I like the way you, **G** like to touch,

I like the way you, **G** stare so much,
