Where we can just dance until we re dead
And it never really matters what they said.

Step back. Everything s alright.
We all heard the facts, but we re drunk tonight.
Oooh! It looks like somebody read a book! Wow!
But there s no solace found in listening to the underground.

Em C Em D

[silence]

Cause when your ear s put down to the bottom of the street
You can t dance, man, it s really hard to move your feet.
Shut up, shut up don t think, shut up, shut up since
It s not that bad. its not that bad

G Bm Am D

I mean it s obvious that something isn t right but if ignorance is bliss would
you rather smile or fight?

Well, I ll take fight.

Em C Bm D
