

**Your Eyes**  
**Bombay Bicycle Club**

?Nod my head, so dumb with love??

E |-----|  
B |-----12-9-10-9--12-9-10-9--12-9-10-12--10-9-7-----|  
D |-----|  
G |-----|  
A |-----|  
E |-----|

?Shut my eyes, pretend it s there??

E |-----|  
B |-----9--7---9--7---9--7---7-----|  
D |-----9--9---9--9---9--9---9-----|  
G |-----9-----|  
A |-----|  
E |-----|

Repeat the above riffs once more.

**Chorus**

?Coming Back?

This part is just switching between the 9th and 7th fret on the B String.

E |-----|  
B |-----9-7-----|  
D |-----|  
G |-----|  
A |-----|  
E |-----|

?You come out and say the word??

This riff is played the first and third times:

E |-----|  
B |-----9-7-----9-7-----|  
D |-----9-6---6-9---6-9---9-6-----|  
G |-----9---9-----|  
A |-----|  
E |-----|

On the second time it ends slightly differently:

E |-----|  
B |-----9-7-----9-7---7-----|  
D |-----9-6---6-9---6-9---9-----|  
G |-----9---9-----|  
A |-----|  
E |-----|

When played the fourth time, it stops abruptly about halfway through:

E |-----|

```

B|-----9-7-----|
D|-----9-6---6-9---|
G|-----9-----|
A|-----|
E|-----|

```

?Coming Back? (Heavier)

Really not too sure about these but I think it might be these power chords or something similar.

```

E|-----|
B|-----|
D|-----2-----4-----|
G|-----2-----4-----2-----|
A|-----0-----2-----2-----|
E|-----0-----|

```

Outro (?Your Eyes?)

This is the bass line in outro (you should be able to work out the rhythm yourself):

```

E|-----|
B|-----|
D|-----|
G|-----|
A|-----2-----5-----0-----|
E|-----|

```

I don't think there really is a guitar part for this the initial part of the outro but

it sounds OK if you play along with these power chords:

```

E|-----|
B|-----|
D|-----4-----7-----2-----|
G|-----4-----7-----2-----|
A|-----2-----5-----0-----|
E|-----|

```

At some point during the ?Your Eyes? outro part this comes in with a really weird effect:

```

E|-----|
B|-----7-----|
D|-----6---6hold-----|
G|-----9-----|
A|-----|
E|-----|

```

And that's basically it. The structure of the song is:

- Verse
- Chorus
- Verse
- Chorus
- Outro
