[Verse 1]

C# **F#**
Last night I had a dream
C# **F#**
The dream I had was true
C# **F#**
I fell through the stars
C# **F#**
Went walking on the moon
Bbm **F#** **G#**
Burned like a thousand candles in her arms
C# **F#**
The skin under my finger tips
C# **F#**
Honeysuckle of her lips
C# **F#** **Bbm**
Sweeter than a man deserves to taste

[Chorus 1]

F# **G#**
Mercy, mercy, what else can I say?
C# F# C# F# C# F#
But Amen. Amen Amen

[Verse 2]

C# **F#**
Last night we were born together
C# **F#**
It was like we d always been
C# **F#**
She ll be with me forever
C# **F#**
If I don t see her again
Bbm **F#** **G#**
We poured the wine until our cup ran over
C# **F#**
Unfolding like the mystery
C# **F#**
Inside of her like poetry
C# **F#** **Bbm**
A thousand horses running through my veins

[Chorus 1]

F# **G#**
Mercy, mercy what else can I say

C# F# C# F# C# F#

But Amen. Amen Amen

[Verse 3]

I laid down in her garden

Bbm F#
Naked on her floor

Windows up, the curtains blowing

She don t lock the door

Bbm F# C# G# Bbm F# C# G#
Amen, Amen

[Verse 4]

C# F#
At the banquet table

C# F#
A beggar at a feast

C# F#
I felt her tongue between my lips

C# F#
And I forgot to breath

Bbm F# G#
We stayed there til the candles burned the carpet

C# F#
Last night I had a dream

C# F#
The dream I had was true

[Chorus/Outro]

Mercy, mercy, what else can I say
