

**Learn To Love**  
**Bon Jovi**

This is not my own tab. Saw it wasn't here yet so I posted it here.

(intro) **C G Am Em ( F G C G )**

**C C/B**  
I have run from the truth  
**Am G**  
Since the days of my misspend youth  
**F C**  
I was hungry for kindness  
**G**  
I was lost in life's blindness

**C C/B**  
When you're born without wings  
**Am G**  
All you dream of, all you want  
**F**  
Is that feeling of flying  
**G**  
Of rising and climbing

**Am F C G**  
Halle, halle, we're one breath away  
**Am F G**  
halle, halle, from our judgement day  
**Am F**  
Leave it all on the table  
**C G**  
If you lose all you win  
**G F C**  
You've got to learn to love the world you're living in

(woohoo)

**C C/B**  
Always thought I'd die young  
**Am G**  
In these hands I've held the gun  
**F C**  
But it's too late for dying  
**G**  
Now there's nothing worth hiding

**C C/B**  
I've lost love, lived with shame  
**Am G**

I was humbled by my fall from grace

**F**

**C**

On the steps of decision

**G**
