Never Say Goodbye
Bon Jovi

Hi,
this is my version of Bon Jovis Never say goodbye from the Slippery when wet
album 1986. Actually it
the unplugged version from one of these many Live CDs and it is in the wrong
key too:-), because it
to sing. The correct key would be one step higher. Just change G -> A, bm ->
c#m, F -> G and so on.In the
intro you have to add 2 to every fret number. If you have the possibility sing
it as a duet in the chorus
(listen the live CD) it is quite beautiful and not that type of
heavy-standard-ballad as it is on the
studio LP.

Enjoy

Never say goodbye (J.B.Jovi & R.Sambora)
