Another friday night I m somewhere
F7M
A little drunk and worn out from the show
C
It s a hallway to a hotel room
F7M (G - Am7 - F6)
The truck s already rolling down the road
F7M
I find the lights take off my coat (C - F7M)
I see here there just lying on the bed
C
She s seen me through my yesterdays
G (C - G)
God knows tonight I m needing her again

C9 F9
She s the place I go
C9 F9
When there s no where left to run to
C9 F9
She s the one I hold
Am G
When there s no one to hold on to
Am
She s been with me late at night
F7M
When I was drowning in the dark
Am
She heard my every word
F7M
When I was pouring out my heart
C
So I thank my lucky stars
G F9
For every crack scratch and scar on this guitar

Am F
She s given me her beset when I am at my worst

Am
When I can't find the pieces
F
Fingers scratching in the dirt
C
She offers no forgiveness
G
Cause she likes to make it hurt

(Refrão)

C
Morning like a freight train
F7M
Last night still ringing in my head
C
Before today becomes tomorrow
F7M (G - Am7 - F6)
Tonight I know I'll do it all again

(Refrão)

C
So I thank my lucky stars
G F9 C F7M C
For every crack scratch and scar on this guitar
