

Stay

This is basically a piano song, but I thought it d be nice to put it out there!
Some of
the chords may not be correct, but it works out fine. Good luck!

The intro is played something like this. It is simplified from how it really is
played, though.

```

-2-4-5-4-2-0-----|

-----2-----4-6-7-6-4-2-----|
