These Arms Are Open All Night  
from the new Box Set - 2004  
-----

((VERSE))

Well, it s closing time, I got no place to go  
No, I m not tired; nobody s waiting at home  
Hey, what about you? Looks like you re leaving alone  
Guess that makes two - me and you  
By the way, my name s Jones

I know a place it s not far from here  
That s my dented red Chevy out front  
You can follow me there

((Bridge))

There s no neon lights  
It don t stink of beer  
It s just a mile up the road  
Just a minute from here

((CHORUS))

These arms are open all night  
If you need someone to talk to  
A hand to hold on to  
And if it feels alright  
These arms are open all night

((VERSE))

The band is through, they re breaking down the drums
