When there s only one thing I can do
G **D**
Well you know that I still don t want to do it
When there s just one way to get through
G **D**
Sometimes I still don t want to go through with it

A **G** **D**
There are other ways I used to think to find my way around
G **A**
The wood and the caves and the bad woman s ways that are always to be found

D
And I have done enough right
G **D**
Dirt and wrong can now boaster my might
And love I can t find it again
G **D**
In someone sitting close in the flashes of sin

A **G** **D**
There are other ways, I used to think, to find my way around
G **A**
The woods and the smell and the word of farewell that I always had to sound

D
Now there is just one way, I stretch out my arms and cry to that
G **D**
Just one day I number the friends and the family that love me
G
I welcome the ring of the moonlight above me

A **G** **D**
And I wander, and lay in whatever old bed

With good, earthly music singing into my head
