Oh do you remember the moment

When the sky turned a sad shade of grey

As darkness crept over the ocean

Then you turned to walk away

I looked to the place at the table

Your face no longer I d see

The reflection I saw in your coffee

Was a bitter reflection of me

And tears in my heart

[Verse 2]

Dm A  
I still remember the feeling

**Bb** **F**  
As the night woke up to the dawn  
**Gm** **Dm**  
To awake and realize the meaning  
**Gm** **A**  
What my eyes had focused upon  
**Dm** **A**  
These rooms so cold and so empty  
**Bb** **F**  
Just spaces where photographs were  
**Gm** **Dm**  
The echoing silence assured me  
**Gm** **C** **C**  
That you really were no longer here

[Chorus]

**F** **Dm**  
Clouds in my coffee  
**Gm** **C**  
And tears in my heart  
**Am** **Dm**  
That's what I'm feelin' yeah  
**Gm** **C**  
You've torn me apart  
**F** **Dm**  
Clouds in my coffee  
**Gm** **C**  
It could be a dream  
**Am** **Dm**  
But as you walk away  
**Gm** **C**  
It's all I can see

[Outro]

**F** **F** **C**  
Clouds in my coffee
