**C#m**  
A night train

**G#m**  
Midnight

Bags gathered round my feet

Possessions

Some lessened

**B**                    **G#**  
To carry with me

Heavy

**G#m**  
Soothing

Like a gentle symphony

**C#m**  
I rest my

**G#m**  
Head right

**B**                    **G#**                    **C#m**  
Back upon my seat

It s hard and

**G#m**  
cold tho

**B**                    **G#**  
The best thing for me

**C#m**  
This train is

**G#m**  
Movin

**B**                    **G#**                    **C#m**                    **G#m, B, G#**  
But my heart is stationery

**C#m**

Seasons change  
**B**                    **G#**                    **C#m**  
signed that it won't be same

**C#m**  
I left it  
**G#m**  
With you  
**B**                    **G#**  
A note that was discreet  
**C#m**  
I made sure  
**G#m**  
I put it  
**B**                    **G#**                    **C#m**  
Upon the cellar door  
  
hanging  
**G#m**  
hoping  
**B**                    **G#**                    **C#m**                    **G#m, B, G#**  
Will you read it while I weep  
**C#m**  
last time  
**G#m**  
the last time  
**B**                    **G#**  
It flickers through me  
**C#m**  
so vivid  
**G#m**  
it rushes  
**B**                    **G#**                    **C#m**  
from my head down to my feet  
  
We're laughing  
**G#m**  
joking  
**B**                    **G#**                    **C#m**                    **G#m, B, G#**  
through industrial defeat

**C#m**
