```
C               A#
If, if I could see
F               Cm7           C#
Just how lonely my life would be
   F#  C#        F#
If you    passed me by
      C         F
And said farewell
        B  F#4  B         B  F#4  B
And there      is no return

C                   A#
Stars would shine no more
F               Cm7          C#
I would walk up and down this lonely
F#  C#           F#
room,  I would have friends
      C    F
But be  alone
        B  F#4  B         B  F#4  B
For there      is no return

     G           D
For you were my first love
      F                       E
And now it looks like you ve gone
     D#                  D
And I have waited too long

     C               A#
For if, if I could see
F               Cm7           C#
Just how lonely my life would be
   F#  C#        F#
If you    passed me by
      C         F
And said farewell
        B  F#4  B         B  F#4  B
And there       is no return
