Boom Boom Kid

Am Em
Put the bad times in your pocket take a break and hold me tight
Am Em
Help yourself, forget la biblia help yourself, forget that shit!
D F
Spending all night together, under the influence of love
D F
Spending all the night together and I hope you feel no pain, no
More ,thats righth

Its doesn't matters whatever happens, let me be own relief
Put it off until tomorrow and let me see oh! Someone new
Spending all the night together under the influence of love
Spending all the night together let me be your own chateau....

Put the bed times in your pocket
take a break and hold me tight
help yourself, forget la biblia ,
help yourself, forget that shit!

spending all the night together
under the influence of love...
spending all the night together
see a world full of love
