 I dont know what to do, Im so in love with you

Verse 2:

Dm A# C Am Gm Am
 Touch your body when the mood is right (Right) make you tingle with the light
 And later on the night, were gonna make love till morning light
 Baby dont let love go mi seh let love stay
 I want us to be together till we old and gray
 Dont leave me in the sorrow or in dismay
 A reply from you would simply make my day

I was a fool, to make she pack and go away
Now lonely is the price that I got to pay
