chords by SeveralZ
tuning: standart

G

Always been a good man

D

Always tried my best

Cadd9

Never wished any harm

G

Never wished any death

But you have changed me
It s a brand new day
I hope you perish
In every single way

Cause you re a disaster
You make me sick
Hell you make a winner
Even wanna quit
Nobody likes you
Just get a grip
You have no friends
Cause you re a piece of shit

I hope you take
A shot of Bleach
And you play
Out in the street

And if you re on fire
Don t look my way
I ll be carryin
The Gasoline

Cause you re a disaster
You make me sick
Hell you make a winner
Even wanna quit
Nobody likes you
Just get a grip
You have no friends
Cause you re a piece of shit

You re a disaster
You make me sick
Hell you make a winner
Even wanna quit
Nobody likes you
Just get a grip
You have no friends
Cause you re a piece of shit

Cause you re a disaster
You make me sick
Hell you make a winner
Even wanna quit
Nobody likes you
Just get a grip
You have no friends
Cause you re a piece of shit
