

Phineas Ferb Theme
Bowling for Soup

Hi, this is my first tab so please don't be harsh, also all I've really done is take the other tab and edited it a bit to make it simpler.

I love this song and when I first saw the show I had to know how to play the theme, I looked on here and the only chords were what I thought was a bit complicated, especially for a kids song! I realised that it could be made simpler with a capo on the 1st fret and dropping everything, but I also changed a few notes around to make it a bit better in my opinion.

There is a longer version on the album with a few extra verses and without the talking bits, but it's just the same chords so you can probably figure that out. So here it is...
