Mexican Mavis Boy & Bear

Artist: Boy & Bear Song: Mexican Mavis

EP: With Emperor Antartica

Sounds best using bar chords except for the E (major) chord. You may want to play along

with the song first to get some of the timings correct. Of course, you can arpeggiate

these chords to get a more similar sound to what Boy and Bear are playing. If you re

playing the chords, you can palm mute during most of the verse apart from the last line and

the chorus.
